

EFFECTUNOL

Foot Care

BEFORE

AFTER

EF02

Effectunol Heel Balm hydrates rough, hard, dry and cracked feet leaving them smooth and supple.

Effectunol Heel Balm prevents blisters and friction on hard areas of the feet and is recommended for use during exercising and when breaking in new shoes.

Effectunol Heel Balm is recommended by Podiatrists and is used extensively to care for diabetic feet.

Recommended for adult skin.

Effectunol contains 12,5g of urea per 50g.
